I Roundtable

The Diaspora in Europe:
a common framework

A dialogue that allows for an analysis of the role of the Diaspora in Europe, while shedding light on its contributions at different levels: local, national and regional. At the same time, the roundtable would contribute to establishing a road map on the main lines of action that could favor the work and the relationship between the diaspora and key actors in the region, such as the Public Administration, academia or International Organizations, among others.

II Roundtable

Sustainable development:
links between the
diaspora and the country
of origin

A look at the diaspora that allows publicizing the contributions that migrant associations make from the host countries to the countries of origin; the ties of the diaspora with the countries of origin and the collaborative work they establish with key actors, as well as the results and impact that these actions have in their communities.

13.00

Lunch break

14.30

III Roundtable

Voices of the diaspora:
innovative actions

A space that gives voice to the work that various migrant associations, representatives of the diaspora, and other key actors have carried out or are carrying out in favor of the inclusion of the migrant population both in Europe and abroad. A set of innovative initiatives, recognized as good practices by International Organizations or Public Administrations, which could serve as inspiration for all parties involved.

16.00

Conclusions and closure
